Dental Core Training 1 (DCT1): 2016

Post Numbers
AAK/CHS post 1
CHS/AAK post 2

Post Descriptor
There are two posts: each with six months based in the Public Dental Service (PDS) in NHS Ayrshire and Arran at North West Kilmarnock Area Centre (NWAC), Kilmarnock and six months at Crosshouse Hospital, Kilmarnock in the Oral and Maxillofacial Surgery unit (OMFS)

Core Training Advisers
Dr Alyson Wray
Gillian Rees
Mr Roger Currie

Lead Clinical trainer (OMFS)

Job Description
This post is in the Public Dental Service within NHS Ayrshire & Arran. The DCT1 will undertake a range of Public Dental Service duties, which may include dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, paediatrics and treatment of patients within GDS terms and conditions. There will also be opportunities to participate in GA lists and receive training in sedation. There will be a requirement to travel within the Board area in order to obtain a range of experience.

OMFS Post Dentoalveolar surgery: This still constitutes the majority of the work carried out by the unit, which is mainly dealt with by Specialty Doctor(s) and DCTs under supervision. The consultants also undertake dentoalveolar surgery in the day surgery unit. Orthognathic surgery, facial trauma, facial cancer, oral medicine, TMJ disease and facial pain and implantology services are also provided.

Hours of Work
PDS: 8:30am-4.30pm on weekdays.
OMFS: 40 hours per week. 8.30am-5pm weekdays with one on-call night per week, 5:00pm-8:30am. Weekend on-call is 1:6 and is Saturday 8:30 am to Monday 8:30 am

Study and Training
Regular self directed study sessions are timetabled to assist in preparation for MFDS or MJDF exams. An Education Programme is provided for all dental core trainees by NES and the DCT1s are expected to participate in these formal training events. This programme normally comprises of study days as well as a national event for all DCTs. Study leave will be granted within the relevant terms and conditions of service.

(this is an example only and is subject to change)
There are two posts: each with six months at Dumfries Dental Centre in the Public Dental Service (PDS) and six at Dumfries and Galloway Royal Infirmary Oral and Maxillofacial Surgery (OMFS) and Orthodontics Unit.

**Post 1** is PDS then OMFS/Ortho

**Post 2** is OMFS/Ortho then PDS

### Core Training Advisers
- Dr Alyson Wray
- Gillian Rees

### PDS Training Adviser
Gillian Rees

### Job Description
The PDS post may include dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, and paediatric dentistry. There may also be opportunities to participate in GA lists and receive training in sedation. There will be a requirement to travel within the Board area in order to obtain a range of experience.

In the post at DGRI there is supervised training both in theatre and outpatients, the latter in both OMFS and Orthodontics. General outpatient clinics see referrals from dental and medical practitioners, as well as the community and hospital services. There are combined clinics in head and neck cancer with further multidisciplinary clinics planned for 2016, following OMFS consultant appointment at DGRI. There is good exposure to minor oral surgery and orthodontics, with support. Orthodontics is taught at the level of a “dentist with an interest”.

### Hours of Work
- **PDS**: 8.30am-4.30pm on weekdays.
- **OMFS/Ortho**: 9.00am-5.00pm

### Study and Training
Regular self directed study sessions are timetabled to assist in preparation for MFDS or MJDF exams. An Education Programme is provided for all dental core trainees by NES and the DCT1s are expected to participate in these formal training events. This programme normally comprises of study days as well as a national event for all DCTs. Study leave will be granted within the relevant terms and conditions of service.

Post Numbers

FV1/QEUH1 post 1
QEUH1/FV1 post 2

Post Descriptor

There are two posts: each with six months based at in the Public Dental Service (PDS) in NHS Forth Valley at Falkirk Community Hospital Dental Department and six months at the Queen Elizabeth University Hospital, Glasgow in the Oral and Maxillofacial Surgery Unit (OMFS).

Post 1 is PDS then OMFS
Post 2 is OMFS then PDS

Core Training Adviser
Dr Alyson Wray

PDS Training Adviser
Gillian Rees

Job Description

The PDS post may include dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, and paediatric dentistry. There may also be opportunities to participate in GA lists and receive training in sedation. There will be a requirement to travel within the Board area in order to obtain a range of experience.

The post at QEUH involves rotating over a 7 week period between the QEUH wards, theatre, Oral Surgery at Glasgow Dental Hospital and time off. Duties on the ward are undertaken either on a long day or a short day shift, and over-night on-call is residential. This rota attracts an on-call banding (2B) resulting in significant additional pay. Whilst on this rota leave has to be taken in a prescribed manner, individual needs for study and annual leave will be taken into consideration. These posts require a high level of teamwork and good communication skills. An excellent level of support is provided by Specialty Trainees and the Consultant group. All participants in the rota will attend an “on the Ward” course to help prepare for hospital work. A weekly MOS session is provided as well as opportunities to attend paediatric OMFS clinics and theatre sessions. Weekly teaching takes place. Travel between hospitals in the Glasgow area may be required for local lists and clinics. The Oral Surgery department at Glasgow Dental Hospital offers a broad range of clinical activities and experience in some or all of the following; consultant clinics, treatment area, minor Oral surgery sessions, supervision of BDS students, sedation sessions, treatment and theatre lists at hospital sites in the Greater Glasgow Area.

Hours of Work

PDS: 8.30am-5pm on weekdays.
QEUH: 40hrs per week with a 1:7 shift rotation

Study and Training

Regular self directed study sessions are timetabled to assist in preparation for MFDS or MJDF exams. An Education Programme is provided for all dental core trainees by NES and the DCT1s are expected to participate in these formal training events. This programme normally comprises of study days as well as a national event for all DCTs. Study leave will be granted within the relevant terms and conditions of service.

There are two posts: each with six months based at Falkirk Community Hospital (FCH) in the NHS Forth Valley Public Dental Service (PDS) and six months at Monklands Hospital in the Oral and Maxillofacial Surgery (OMFS) and Orthodontic Units (there are also clinics at Wishaw General Hospital and Hairmyres Hospital).

Post 1 is PDS then OMFS
Post 2 is OMFS then PDS

The PDS post may include dental inspection of schools, domiciliary, care of patients who have additional needs or require special care, and paediatric dentistry. There may also be opportunities to participate in GA lists and receive training in sedation. There will be a requirement to travel within the Board area in order to obtain a range of experience.

The post at Monklands includes the clerking of in-patients, day-case patients and emergency admissions, with arranging the relevant investigations as appropriate. DCT1 trainees also attend ward rounds and theatre lists regularly, assist in the outpatient clinics and are first on-call for emergency cases. One session per week is for study, and a further session is for minor oral surgery performed under local anaesthesia. Between them the Lanarkshire hospital departments undertake a full range of Oral and Maxillofacial and Orthodontic procedures. This includes dentoalveolar and orthognathic surgery. The current on call is shared with Forth Valley and based at Monklands District General Hospital. Those on on-call cover NHS Lanarkshire (Monklands, Wishaw General and Hairmyres hospitals) as well as NHS Forth Valley (Forth Valley Royal Hospital), on a 1:6 rota. On-call cover can involve travelling between hospitals to see or review patients not able to travel to Monklands. You must be able to travel between hospitals. The current on call is supported by the West of Scotland specialist registrars and Forth Valley and Lanarkshire consultants. There is no on-call resident’s room at Monklands Hospital. It is recommended that you reside within a 30 minute travel time radius from your on-call base.

Hours of Work
PDS: 8.30am-5pm on weekdays.
Monklands: 40 hours with 1 in 6 rota Post holders will participate in a 1 in 6 non-resident on-call rotation covering the Lanarkshire hospitals and Forth Valley Royal Hospital. Hours are weekly 8am -5pm with 1:6 nights oncall weekday 5pm-8:00 am and a 1:6 weekend on call 8am Saturday to 8 am Monday.

Study and Training
Regular self directed study sessions are timetabled to assist in preparation for MFDS or MJDF exams. An Education Programme is provided for all dental core trainees by NES and the DCT1s are expected to participate in these formal training events. This programme normally comprises of study days as well as a national event for all DCTs. Study leave will be granted within the relevant terms and conditions of service.

Job Description
The PDS post may include dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, and paediatric dentistry. There may also be opportunities to participate in GA lists and receive training in inhalation sedation. There will be a requirement to travel within the Board area in order to obtain a range of experience.

The post at GDH is ideally suited to anyone considering specialising in Orthodontics or Paediatric Dentistry. The Orthodontic department will offer successful candidates a wide range of orthodontic experience including consultant supervised treatment/review sessions, new patient clinics and casual clinics. Time may be allocated to attend a variety of joint clinics in orthognathic surgery, paediatrics, cleft care and restorative dentistry to give as wide an exposure as possible to the range of orthodontic treatment carried out within the hospital. The Paediatric Department in GDH offers clinical activities including: new patient clinics; treatment sessions; inhalation sedation; accident and emergency; trauma clinic; hypodontia clinic and paediatric oral medicine. Clinical time is also spent within the Royal Hospital for Children (RHC) where DCT’s are involved in the out-patient care of medically compromised children including those with oncology, haematology and cardiac diagnoses, treatment clinics and patient assessment of medically complex children. In addition the DCT will play an active role in theatre sessions.

Hours of Work
PDS: 8.30am-4.30pm on weekdays.
GDH: 40hrs per week

Study and Training
Regular self directed study sessions are timetabled to assist in preparation for MFDS or MJDF exams. An Education Programme is provided for all dental core trainees by NES and the DCT1s are expected to participate in these formal training events. This programme normally comprises of study days as well as a national event for all DCTs. Study leave will be granted within the relevant terms and conditions of service.
