Nursing and Midwifery ePortfolio

REGISTER OR SIGN IN

The ePortfolio is ONLY available to nurses and midwives in Scotland AND nurses in the Defence Medical Services.

The Nursing and Midwifery ePortfolio has been developed to enable nurses and midwives across Scotland to generate, record, reflect upon and share evidence of their learning and continuing professional development. This evidence can then be used by nurses and midwives as part of appraisals, career development, programmes of learning and for regulatory purposes, including NMC revalidation.
