

GENERAL NURSING COUNCIL FOR SCOTLAND (EDUCATION) FUND 1983 AND MARGARET CALLUM RODGER MIDWIFERY AWARD

General Nursing Council
(Education) Fund 1983 and
Margaret Callum Rodger
Midwifery Award

The General Nursing Council for Scotland is offering an opportunity for registered nurses and midwives, working in all care sectors, who wish to undertake education or learning activity

Funding can support activities such as:

Educational Development Activity

Small Scale Project such as Research, Quality Improvement or Innovation

Study Tour

The GNC fund has strengthened my knowledge, skills, and confidence as a Practice Educator. These learning experiences have directly supported my career progression, enabling me to take on new responsibilities and make a greater impact within my team and for the practitioners we support. Thank you for investing in my professional growth and helping me achieve my goals.

Jacqueline Carrigan
Practice Educator

I knew sharing my research beyond publication would be challenging due to the cost of attending conferences. Thanks to the GNC award, I was able to travel and present at the ICM in Bali, which opened up global discussions and idea exchange. Building relationships with international colleagues has been educational, supportive, and potentially life-changing as we collaborate to improve outcomes for women and midwives worldwide.

Sarah Turner

HOW TO APPLY
