QMPLE User Guide
How to set up your dashboard

1. Go into settings in the drop-down menu on the right-hand side of the tab bar (highlighted in yellow).

2. This will take you to the Account Settings page where you can choose the layout of your Dashboard.
3. Each drop-down menu on the right links up with the associated box on the right. Therefore, you can choose which items you would like prioritised on your Dashboard.

4. If you don't want as many as eight Dashboard items, you can unselect some.
5. Examples of Dashboard layouts can be seen below.
