

## DENTAL CORE TRAINING 2023/24

### Scotland - Dundee Dental Hospital - Oral Medicine, Oral and Maxillofacial Pathology and Quality Improvement

1.	<b>Deanery name</b>	NHS Tayside
2.	<b>Type of training post</b>	DCT3
3.	<b>Rotational Post information</b>	Not rotational
4.	<b>Training unit/location/s</b>	Dundee Dental Hospital, Dundee
5.	<b>Full address of training units where training will take place</b>	Dundee Dental Hospital Park Place Dundee DD1 4HN
6.	<b>Travelling commitment</b>	N/A
7.	<b>Educational Supervisor</b>	Will be confirmed with post-holder
8.	<b>Description of the training post</b>	<p>In this post the DCT3 will be involved in Consultant led clinical and laboratory-based sessions in Oral Medicine and Oral and Maxillofacial Pathology. The DCT3 will be able to exploit the links between the two disciplines as they follow patients on their journey.</p> <p>In addition, sessions in Quality Improvement with NHS Education for Scotland's Dental Clinical Effectiveness Workstream [which includes Scottish Dental Clinical effectiveness programme (SDCEP) and Translation Research in a Dental setting (TRiADS)] will be integrated into the timetable to gain experience of and take forward topical Quality Improvement projects.</p>
9.	<b>Primary Care training element</b>	N/A
10.	<b>Educational programme summary and library facilities</b>	<p>There is a Scotland-wide education programme for DCT3s which is designed to match the DCT curriculum. The programme will include an induction followed by a number of study events throughout the year, supported by Turas Learn. These events will be delivered with a mix of face to face and online sessions, which will include all DCT3s training in Scotland, as does the annual trainee conference which includes the DCT1s and DCT2s. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT3 posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.</p>
