NHS Scotland

DCT1 Scotland - Crosshouse Hospital (OMFS) then Public Dental Service Kilmarnock

9.	Description of training post	<ul style="list-style-type: none"> From September 2026 to March 2027, the DCT1 will be based in Crosshouse Hospital. The OMFS unit remit includes management of facial deformity and trauma, dentoalveolar surgery, management of cutaneous and oral cancer, orthognathic surgery, oral medicine, TMJ disease and facial pain. As a DCT1, your role will be varied and you will have the opportunity to participate in outpatient clinics, local anaesthetic lists for dentoalveolar and surgical dermatology; general anaesthetic theatres and management of emergency care. You will work within our team of Consultants, Registrars and Specialty Doctors. The DCT1 will undertake a range of PDS duties from March 2027 to August 2027. These may include dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, paediatrics and treatment of patients within GDS terms and conditions. There will also be opportunities to participate in GA and IV lists and receive training in inhalation sedation. 	
10.	Suitable for Temporary Registrant?	YES	NO
11.	Primary Care element Performer Number required?	YES	NO
12.	Pattern of working including any on-call commitment	<ul style="list-style-type: none"> Will be confirmed with post-holder 	
13.	Educational programme summary	<ul style="list-style-type: none"> There is a Scotland-wide education programme for Dental Core Trainees which is designed to match the DCT curriculum. The programme has four themes 	

DENTAL CORE TRAINING 2026/27

NHS Scotland

DCT1 Scotland - Crosshouse Hospital (OMFS) then Public Dental Service Kilmarnock

		<p>running through each year of Dental Core Training. These are: Clinical, Communication, Career Development Skills and Quality Improvement & Patient Safety. Posts begin with a local health board and NES induction, followed by face-to-face study events throughout the year, supported by Turas Learn. These events include all Dental Core Trainees in Scotland, as does the annual DCT conference. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This is predominantly to fund attendance of DCTs at the compulsory NES Educational events, however funding may be available to contribute to the cost of other courses linked to an agreed PDP. DCT posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects. All DCTs, who have not worked in an Oral & Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course known as Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees. The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.</p>
