Journey for Social Care
Workers in Scotland

Continuous Professional Learning Framework

Our work has aligned with the SSSC CPL framework wherever possible. For example, 1000s of hours of learning have been mapped to the framework, and we've created a Social Care Homepage with resources categorised by CPL theme, making it easier than ever to find the right resource

Turas Learn for Social Care

Ensuring social care learners needs can be met through learning resources on NES's Turas Learn platform. Many resources have been mapped to the SSSC CPL Framework and optimised for recording on the MyLearning App.

National Induction Framework

Quality assured learning resources, mapped to SSSC CPL Framework and linked to SSSC MyLearning App to create a transferrable learning record

Social Care Careers Options Tool

New to the sector or considering career progression? The SCCOT enables exploration of a range of careers options in social care in Scotland

Preparing for Work in Health & Social Care

Pre-induction learning resources introducing key topics for those new to social care

Equal Partners in Care

Resources designed to help workers in all sectors identify, support and include unpaid carers as equal partners

Leading to Change

Leaders at all levels can complete the Leadership Success Profile, identify their strengths and development needs and access a range of resources from the NES Leading to Change team to support their leadership journey

What next?

NHS Scotland Youth Academy

A collaborative initiative preparing school-age young people for careers in health and social care
