Opportunities are available to attend a variety of joint clinics such as orthognathic surgery, cleft care and restorative dentistry to give as wide an exposure as possible to the range of orthodontic treatment carried out within the hospital service.</p> <p>The Paediatric Department in GDH may offer clinical experience in the following: new patient assessment; treatment sessions, including inhalation sedation; dental accident and emergency; dental trauma management; and</p>

		<p>multidisciplinary clinics. Clinical time will also be spent within RHCG where DCTs may gain experience in new patient assessment and treatment of medically complex children and the in-/ out-patient care of children requiring priority dental care, including those with oncology, haematology and cardiac diagnoses.</p> <p>The DCT1 will undertake a range of PDS duties from March 2024 to August 2024. This part of the post may include, but is not restricted to, dental inspection of schools, domiciliary care, care of patients who have additional needs or require special care, and paediatric dentistry. There will also be opportunities to receive training in inhalation sedation and may be opportunities to participate in GA lists.</p>
9.	Primary Care training element	In this post the DCT1 will work for six months in the PDS. You therefore need to be eligible for an NHS list number.
10.	Educational programme summary and library facilities	There is a Scotland-wide education programme for Dental Core Trainees which is designed to match the DCT curriculum. The programme has four themes running through each year of Dental Core Training. These are: Clinical, Communication, Career Development Skills and Quality Improvement & Patient Safety. Posts begin with a local health board and NES induction, followed by a number of face-to-face study events throughout the year, supported by Turas Learn. These events include all Dental Core Trainees in Scotland, as does the annual trainee conference. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.
