8.	Description of the training post	<p>The DCT3 will be involved in Consultant led Quality Improvement and clinical sessions in Restorative Dentistry. The Quality Improvement sessions with NHS Education for Scotland's Dental Clinical Effectiveness Workstream [which includes Scottish Dental Clinical effectiveness programme (SDCEP) and Translation Research in a Dental setting (TRiADS)] will be integrated into the timetable to gain experience of and take forward topical Quality Improvement projects.</p> <p>The clinical sessions will involve sessions in Restorative Dentistry.</p> <p>In this post you will be able to exploit the links between Quality Improvement, research and clinical practice.</p>
9.	Primary Care training element	N/A
10.	Educational programme summary and library facilities	<p>There is a Scotland-wide education programme for Dental Core Trainees which is designed to match the DCT curriculum. The programme has four themes running through each year of Dental Core Training. These are: Clinical, Communication, Career Development Skills and Quality Improvement & Patient Safety. Posts begin with a local health board and NES induction, followed by a number of face-to-face study events throughout the year, supported by Turas Learn. These events include all Dental Core Trainees in Scotland, as does the annual trainee conference. All trainees have access to study leave time (in line with terms and conditions of service) and budget. This may be used to access MFDS/MFD/MJDF courses and other courses linked to an agreed PDP. DCT posts include time for self-directed learning and trainees are encouraged to use this time for personal study and to complete quality improvement projects.</p> <p>All DCTs, who have not worked in an Oral and Maxillofacial Surgery (OMFS) unit in Scotland previously, attend an additional two-day induction course: Maxfacts. This course is designed to cover the essential skills for an OMFS DCT post and is delivered by OMFS consultants and senior trainees.</p>

		The teaching is backed up by on-line resources which will be made available to DCTs prior to the Maxfacts course.
11.	Employment information	
12.	Employer	NHS Education for Scotland (NES)
13.	Placement Board	NHS Tayside
14.	Contact email for applicant queries relating to the post	https://nesdigital.atlassian.net/servicedesk/customer/portal/30
