Section 2 – Application Form: Advice for Completing Each Section

To help you complete the Oriol application, you should take the time to read and consider the Person Specification, Dental Booklet and other relevant documents on the NES website: [https://www.nes.scot.nhs.uk/education-and-training/by-discipline/dentistry/dentists/dental-vocational-\(foundation\)-training/trainee.aspx](https://www.nes.scot.nhs.uk/education-and-training/by-discipline/dentistry/dentists/dental-vocational-(foundation)-training/trainee.aspx)

Do not leave your application until the last minute! Completing an application form will take some time and includes uploading documents.

All applicants are expected to make good use of the reminders and checklist in Section 5 and Section 6 of this guidance document.

Complete all questions to the best of your knowledge. Use your own experiences and answer in your own words.

Please refer to the relevant criteria listed on the Person Specification on the [NES Website](#) when completing the sections of your application form detailed below.

1: Personal Details

Candidates must agree to submit one application only which they must complete themselves. Candidates should be aware that plagiarism will not be tolerated. Where there is any concern surrounding the authenticity of an answer, NES reserves the right to investigate this matter further.

The NES Dental Recruitment team will need to contact you during the recruitment process; please provide a valid contact email address and telephone number under Contact Information. Please note that the majority of correspondence will be issued via email. However, please ensure you provide a postal address from which you will be able to collect mail until July 2023, if possible. You must notify us of any changes to your name, address or email. Health Boards or Dental Recruitment may issue important pre-employment correspondence to successful candidates via the postal service.

Disability and special arrangements

NHS Education for Scotland (NES) is "Disability Confident", and as such we provide job opportunities for disabled people. NES operates a Guaranteed Interview Scheme (GIS), which means that if you have a disability, and meet the minimum criteria outlined within the Person Specification, you will be guaranteed an interview during visitation. The information you provide will not be used to inform any recruitment and selection outcomes.

Information is requested in this section under the "Disability" sub-section. Completing this sub-section is entirely optional. Candidates who have opted into this scheme will be asked to submit supporting evidence.

2: Eligibility to Apply

This section of the application is where you declare if you hold or will be eligible to hold FULL registration with the UK GDC by the start date. Please note this information is not used as part of your application but is passed onto your employer if you are successful.

Under the Language Skills sub-section, if your undergraduate training was not in English, you will be asked to provide details of your International English Testing System (IELTS) score. You must have achieved as a minimum the following scores in the academic International English Language Testing System (IELTS) in a single sitting within 24 months at time of application: Overall 7.0, Speaking 6.5, Listening 6.5, Reading 6.5, Writing 6.5. We may accept IELTS test scores that are more than two years old if you can provide evidence to demonstrate that you have maintained your English language proficiency during that time.

Information is requested on immigration status to ensure that all applicants are eligible to work in the UK by commencement of the training programme. This information will not be used in the recruitment and selection process; it will be retained separately by the Dental Recruitment team and will be referred to only when matching takes place. If you have any questions when filling out this section, please refer to:

<https://www.gov.uk/government/organisations/uk-visas-and-immigration> in the first instance. You can also contact the [Dental Recruitment Team](#) for advice regarding completing this section of the application.

3: Criminal Records and Fitness to Practise

It is vitally important that you read, understand and answer the questions asked in this section by ticking each box. Please read the notes below carefully before completing this part of the form. If you require further information, please contact the Dental Recruitment team by going to the Service Desk [here](#) and submitting a support request. All enquiries will be treated with strict confidence.

4: References

References are not required during the application process. Please proceed to the next page of the application form. *Please note – you may be asked to provide a reference during the visitation period, and we would advise that you obtain 2 references in advance of the visitation period on 19th May 2023. Please use the structured reference template provided on our [website](#).*

5: Competences

You are required to demonstrate that you will have a Primary Dental Qualification (BDS, or equivalent) on commencement of appointment. You will also be required to confirm your current status in this section (e.g. Final Year Student, graduated less than 3 years ago, graduated more than 3 years ago) and the date of your last clinical activity. Please note, as per the person specification on our [website](#), recent clinical experience within the last 2 years is an essential requirement.

We also ask you to confirm if you have ever been removed or relinquished from a Vocational Training post. If yes, please provide details of this.

As per the recruitment procedure for Vocational Training, candidates who graduate from a UK or an Overseas University will be classed as Batch 1. Candidates who are due to graduate from an EEA University will be classed as Batch 2.

Applicants for whom DVT is the only route available to be admitted onto a relevant NHS Dental Performers List will be given priority in the recruitment process. This would apply to candidates who will graduate from a UK Dental School, or to candidates who will graduate from overseas Dental Schools, i.e. from outwith the EEA. Applicants who will graduate from an EEA Dental School meaning those who have alternative routes for entry onto a relevant NHS Dental Performers List, will be put on hold at the point of application. All applications will be coded into either Batch 1 or Batch 2 dependent on graduating Dental School.

Batch 2 applicants will be unable to obtain a post until there are no suitable Batch 1 candidates to fill posts. Therefore, they will not be invited to participate in visitation and cannot be matched in the main round. Only if there were posts remaining following clearing and no Batch 1 candidates, would we open recruitment to Batch 2 candidates.

We will contact you by email confirming which Batch you have been placed in when the application window has closed. Further email communication will be sent throughout the recruitment process.

6: Employment History

You should provide details of relevant dental experience only in this section. If you have no employment history, check the box, **I have no employment history** and proceed to the next section. Details of any future-dated periods of work experience should not be included on your application form. Please make sure the dates and duration of posts are accurate, that you give the proper job titles, sector and the employer's full details. Please do not include any work experience not related to dental.

You are not required to complete the section relating to gaps in employment as part of your application.

7: Evidence of Selection Criteria

You are not required to complete this section of the application. Please proceed to the next page of the application form.

8. Supporting Information

You will be required to upload the documents to this tab of the application form to confirm your identity. You should refer to Appendix A of this guidance document for further details.

9. Preferences

You are not required to complete this section during the application stage. The preference list will be activated on Oriel on **19th May 2023**. Information about trainers taking part in this recruitment round will be available to view on the NES website and 'Dental Trainer Information Site' (DTIS). Applicants will be provided with access via email on this date which will enable contact with Trainers in order to complete your preference list in Oriel during visitation. Applicants will complete their preference list on the Oriel system, the deadline for which is Monday 5th June 2023.

10. Equality and Diversity Monitoring Form

Please note that all details will remain totally anonymous and will not be made available to the Trainers. We want to ensure that there are no barriers to joining Vocational Training and to be as fully inclusive as possible. One way we can ensure this is to analyse all the data provided in this section and ensure that training opportunities are being accessed by as wide a community as possible. The equal opportunities monitoring form will be detached from the rest of the online application and will be used for monitoring purposes only.

11. Declarations

You are not required to upload any documents to this section of the application form. Please read this section carefully, before agreeing to the declaration and submitting your application.

Pressing the submit button at the bottom of the page will **automatically** submit your application. By pressing the submit button you are **confirming** that you understand you will **NOT** be able to add, amend or remove **ANY** information entered against this application once submission has occurred.

If you have any queries about completing the application form, please contact the Dental Recruitment team no later than 12 pm on by 11th October 2022 by going to the Service Desk [here](#) and submitting a support request.

Remember: You have not applied for a post until your application has been submitted. If you do not receive confirmation within one hour of your submission, please contact the Dental Recruitment Team: dental.recruitment@nes.scot.nhs.uk

Section 3 – Researching Available Trainers

Once visitation opens, you will be able to view the available Trainers on the NES Dental Trainer Information System (DTIS). You are responsible for contacting trainers to arrange meetings and interviews. To enable this, you must:

- Review the Trainers Prospectus in DTIS
- Contact Trainers to arrange a call/online meeting/visits

Further guidance regarding the visitation period will be sent to you near to the time, it will outline what to expect during this period of the recruitment process.

Trainer Prospectus

The Trainer prospectus includes details of the trainer, practice, their arrangements for training and details of how to contact them. The information will be available on DTIS once visitation opens.

Visitation Period

Successful recruitment into Dental Vocational Training (DVT) is dependent on matching with a Trainer. It is therefore very important that Trainers get to know you prior to the end of visitation. It is your responsibility to look up trainers and contact them to arrange meetings and interviews. Applicants who are not matched in the first round of recruitment will be put through to the Clearing Process.

You should endeavour to make contact with all of your preferred Trainers to arrange a visit to the practice, where possible and an interview and to discuss the opportunities for employment with them. This is to maximise your chances to get onto their preferred list of candidates.

This is a very competitive process and you should take some time to think about how to set yourself apart from other applicants.

NB: In order to include you on their Preference List, Trainers will need to know your **Oriel Pin number**. You will be allocated a pin number when you set up your Oriel account. You can find this by going to My Profile and then select Personal Info & Activity as shown in the picture below.

It will not be possible for Trainers to include you on their preference list without this number.

Preference List

Candidates who are invited to attend the visitation period are required to submit a rank order preference list (indicating which Trainers you would like to complete training with) by **10 am on 5th June 2023**. The Preference List will be available via your online Oriel account and will be activated following invitation to the visitation period on **19th May 2023**. You can include up to seven Trainers on your Preference List. It is essential to consider your preferencing options carefully:

- Which Trainer(s) would you like to work for?
- You should not include any Trainers on your Preference List that you would not be prepared to work with.

Please note, if you do not submit any preferences then you cannot be matched to a trainer and will therefore go into the Clearing Process.

You will have access to the Preference List section when visitation commences. Further guidance is available in the Oriel Guide including a detailed explanation of preferencing and matching, as well as several examples. If in the meantime you would like additional information regarding this part of the process, please contact the Dental Recruitment team team by going to the Service Desk [here](#) and submitting a support request.
